Caution

Precautions

BE SURE TO OBSERVE THE FOLLOWING GUIDELINES: Do not turn up the volume so high that you can't hear what's around you.

Use caution or temporarily discontinue use in potentially hazardous situations.

Do not operate mobile video equipment while driving a motorized vehicle – safe driving and safety consideration of others should always be your highest priority.

Set your volume control at a low setting, then slowly increase the sound until you can hear it comfortably without distortion, or ear discomfort.

In the event you should notice smoke, strange noises or odor from this product, or any other abnormal signs, immediately turn off the power and consult your dealer or the nearest authorized *Planet Audio* Service Center.

Using this product in this condition may result in permanent damage to the system.

Installation Precautions

Planet Audio does not recommend to install the product yourself.

We recommend to have it professionally installed by a certified professional.

Always consult with a professional installer .

Do not attempt to install or service this product by yourself. Installation or servicing of this product by persons without professional training and experience in electronic equipment and motorized vehicle accessories may be dangerous and could expose you to the risk of electric shock, injury or other hazards
Refer any repairs to a qualified Planet Audio Service Center

Caution

Before Installing

To avoid potential shorts in the electrical system, be sure to disconnect the (–) battery cable before installation.

Use this unit with a 12-volt battery and negative grounding only. Failure to do so may result in a fire or malfunction.

⚡	CAUTION RISK OF ELECTRIC SHOCK DO NOT OPEN	⚠

CAUTION: TO REDUCE THE RISK OF ELECTRICL SHOCK, DO NOT REMOVE COVERS.
NO USER SERVICABLE PARTS INSIDE. REFER SERVICING TO A QUALIFIED SERVICE PROFESSIONAL.
Product Safety

It is against Federal and Local laws for video to be viewed by the driver while the vehicle is in motion. This video product was intended to be used with the parking brake safety feature. Video cannot be seen without the proper parking brake powered connection. Tampering or disabling this feature will void any and all warranty. Please check with a professional installer to have your product installed properly.

> ### Important Note
>
> **Due to ongoing enhancements, example images on screens may slightly differ from actual product.**

Caution

Images and Video

Watching video while driving is against Federal, State, and Local laws.

Drive safely, know and obey traffic rules. Watching this screen and making selections while driving can lead to a serious accident.

Check surroundings for safety while camera images are displayed.

Do not use features of this product while driving if it cannot be operated safely and legally in your location. Before operation of smartphone Apps accessible from this device, read safety instructions in your Owner's Manual. When using navigation Apps stay alert to observe real world conditions.

About this manual

To entirely understand how to properly use your new Planet Audio product, it is recommended to read this user manual, and keep it in a safe place for future reference.

-Read the entire manual

-Keep the manual

-Follow all instructions

-Clean with a dry cloth only

-Do not use or operate near water

-Do not defeat any safety features

Basic Product Operation

Using and Caring for the Touchscreen

Use:

This head unit utilizes a Capacitive Touchscreen, the same type that is used on high-end mobile devices. It should be used for and cared for like that type of device. As with all capacitive type technology, if your fingers are wet or sweaty, it will not function properly.

Do not allow any sharp objects to come in contact with the screen glass.

Care and Cleaning:

To clean the screen, use a dry micro ber type cloth to clean. Do not use ammonia, window cleaner, or any other type of household chemicals to clean the screen. Abrasives should not be used at all.

Basic Product Operation

Product Setup (Date & Time)
Setup Option A: CarPlay Method

Connect your Apple® device using a Lightning® cable. The CarPlay USB port must be used.

This will automatically setup the time and date.

User must set Time Zone manually.

Default is Pacific Time Zone.

Using CarPlay

ⓘ Note

Apple CarPlay usage is limited while driving.

Functions, contents, and usability is determined by the App provider(s).

Controls will vary with each App that is available for CarPlay.

For more details visit:

http://www.apple.com/ios/carplay

⚠ WARNING

Familiarize yourself with your Local and State laws regarding mobile devices.

Certain functions of an iPhone might be prohibited and or illegal while driving in your location.

When in doubt, park the vehicle and engage the parking brake first before performing the function(s).

Connecting to CarPlay USB Port

1. Connect the CarPlay compatible device via Lightning® cable (not included).

2. The iPhone will load the CarPlay function.

3. On the display, the CarPlay will illuminate green, touch it to enter the CarPlay menu.

4. To return to the product **Home** menu,

Touch

ⓘ NOTE

The product's Bluetooth will turn **OFF** automatically when CarPlay is in use. Hands-free phoning will function through the CarPlay feature.

When using CarPlay, there is no need to pair your iPhone, the USB cable connected through the rear USB Port (1) will enable this feature.

If other devices are connected via Bluetooth, they will be disconnected for the duration of CarPlay use.

Gestures & Control

Basic controls, but not limited to:

Touch

Swipe

Dragging
Other gestures and controls might differ on each App.

ⓘ NOTE

Volume control is handled exclusively by the product.

Only Apps with the ⊖ icon can be removed from CarPlay.
Only Apps with the ⊕ icon can be added in carplay.

How to Disable Apps

1. Using your iPhone:

Settings > Notifications > *App to Disable*

# Android Auto

Using Android Auto

ⓘ Note

Android Auto usage is limited while driving.

Functions, contents, and usability is determined by the App provider(s).

Controls will vary with each App that is available for Android Auto.

For more details visit:

https://www.android.com/auto/

⚠ WARNING

Familiarize yourself with your Local and State laws regarding mobile devices.

Certain functions of the mobile device might be prohibited and or illegal while driving in your location.

When in doubt, park the vehicle and engage the parking brake first before performing the function(s).

ⓘ NOTE

To complete the setup properly, the Parking Brake status wire must be connected.

⚠ WARNING

For your safety, the setup process **MUST** be accomplished while the vehicle is **Parked and Parking Brake Engaged**.

Android Auto App

1. For Android 9.0 or earlier, download and install the Android Auto app from Google Play. For smartphone with Android 10.0 or later, plug in your phone and follow the prompts on your phone to accept the permissions that Android Auto requires.

Minimum Requirements:

Android 5.0

For a list of compatible devices:

https://www.android.com/auto/

Updating Related Apps

1. During the first start up and setup of the Android Auto app, the Maps, Music, Google apps will install/update automatically.

Connecting to Android Auto USB Port

1. Connect the Android compatible device via the appropriate USB cable (not included).

2. The Android device will load the Android Auto function.

3. Bluetooth will connect automatically when the setup is completed.

Android Auto Permissions

Permissions

Several features can be allowed or denied access to customize your usability of the product.

The access can always be modified in Settings on the Android device.

ℹ️ **Note**

The parking brake input needs to be connected to the parking brake wire.

ℹ️ **Note**

Every vehicle has a different type of parking brake connection; consult a certified professional installer.

34

Connections

Hands-free Mic

Placement

Every vehicle will perform differently due to layout, interior materials, etc.

The **Red** shaded areas are the recommended locations for best microphone performance.

Items to look for before placement:

1. Do not place in front of air vents.

2. If the vehicle has tweeters placed on sail panels, do **NOT** locate the mic on steering column area.

3. Front of mic must not be blocked.

4. Mic should be firmly attached to mounting location.

5. Do not cover the grille openings surrounding the mic.

6. To avoid excessive wind noise, do not place near the sunroof opening

⚠️ WARNING

Run microphone wire where it will **NOT** impede the operation of any safety items, i.e. Airbags, Knee Airbags, etc.

Troubleshooting

Issues	Cause	Solution
No Sound	Internal amplifier is off	Go to Settings > Audio > Internal Amp **ON**.
	Product is muted	Touch the volume.
	External amplifiers	Check the external amplifiers are on.
		Check the remote output wire has voltage.
	Audio source	Change the audio source.
Media Not Supported	Media on USB flash drive	Change the media format on the USB device.
		Change the USB device.
Poor Radio Reception	Radio area	Change the station.
	Antenna	Antenna output wire is not connected.
		Connect Antenna to product.
Apple CarPlay/Android Auto will not start	Bad Lightning®/USB cable	Replace the cable.
	Locked device	Device needs to be unlocked.
	Not charged	Device needs to be powered **ON** for CarPlay/Android Auto to function. Allow it to charge and power on.
	CarPlay/Android Auto frozen	Unplug the device, close all Apps and plug it in again.
Bluetooth	Not connecting to device	Make sure the device is within range.
		Device's Bluetooth connection needs to be turned **ON**.

Troubleshooting

Issues	Cause	Solution
Bluetooth	Not connecting to device	Go to Setting >Connection >Power **ON** Pair and Connect the device like new.
Hands-free call quality	Mobile device	Check cellular strength on mobile device. End call and redial number.
	Microphone	Microphone placement needs to be relocated. Microphone needs to be firmly attached to location it's mounted on. Check to see if microphone is properly plugged in.
Unit is unresponsive	Processor has frozen	Restore the factory settings. Use a small pin to press the reset pinhole on the bottom of the panel.
